Next Army-Navy Game in Philadel-

Under the agreement existing between the athletic representatives of the Naval and Military Academies, the next service football game will be played in Philadelphia, unless a change is proposed by the Navy. In spite of the fact that the arrangements for the game at the Polo Grounds this year were carried out in such a way as to give the greatest american Can preferred 3 to 113 1-2.

American Can common was one of the sactive stocks of the final, hour, advancing 2 to 64, but other prominent war shares were moderately lower. New Haven was relatively strong in that it made further recovery from its recent low price, but most issues of that division moved irregularly.

A deterrent influence in that quarter such a way as to give the greatest entistaction to those connected with the havai service, no change in the the lavar service, ho change in the original plan seems probable. Under the agreement, which is in effect, the games next year and in 1918 will be played in Philadelphia, and that of 1917 in New York.

WOMEN SUBJECT TO KIDNEY TROUBLE

I beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trouble and other complications. A friend of mine recommended Dr. Kilmer's Swamp-Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to improve until I was completely cured. I am happy to say that I am as well as any woman on earth and have been as any woman on earth and have been so for the past nine years, thanks to Dr. Kilmer's Swamp-Root, and I cheerfully recommend it to all who man on earth and have bee suffer from kidney troubles. Very truly yours,

FINANCIAL AND COMMERCIAL

Desultory Attacks Were Made Against Steel and the Railways.

New York, Nov. 20.-Resistance to New York, Nov. 30.—Resistance to selling pressure, which manifested itself at odd intervals, was the striking feature of today's stagmant market. Sales totalled only 432,000 shares, almost one-third occurring in the first hour. Desaitory attacks were directed against such leaders as United States Steel and some of the representative railways, but those issues invariably rebounded. The extreme anathy was ranways, but those issues invariably rebounded. The extreme apathy was again attributed to a desire to await the assemblage of congress and the publication of the president's message. Such recent developments as the Canadian government's grain seizure and the weakness of exchange on the Tentonic countries and the vectors of exchange on the features. and the weakness of exchange on the Teutonic countries evidently were ignored as market factors. Cables on Berlin fell to 79 3-8, a decline of 1-4 from the low record made yesterday. Austrian exchange was quotably lower, with no actual transactions. Sterling and francs moved to highest rates for the current movement, but lires were weak.

Special stocks furnished the only diversion of the session. Diamond Match, in which no local trades had been re-corded for many weeks, rose 2 to 122, Texas Company made an extreme gain of 6 3-4 at 215 3-4, Harvester preferred of 6 3-4 at 215 3-4. Harvester preferred 10 at 106. Willys-verland 5 1-4 at 245. National Biscuit preferred 4 5-8 at 125 5-8 and United States Industrial Alcohol 7 1-2 at 125. Among the new records were Cuban-American Sugar, which rose 6 to 174 7-8. South Porto Bico Sugar 10 7-8 to 156 and American Can preferred 3 to 113 1-2. American Can common was one of the active stocks of the final hour.

that division moved irregularly.

A deterrent influence in that quarter was the action of the Interstate Commerce Commission, which denied the application of the trunk lines and coal roads to continue ownership of ves-sels plying the great lakes. Canadian Pacific made virtually no response to its October statement, showing a net increase of \$3,258,000.

London was a moderate seller of industrials and coppers, but offset this with purchases of transcontinentals. Bonds were heavy, with total sales par value of \$5,450,000. United States registered 4's declined 1-4 per cent, on call.
